## American Titles

DC (USA) – Field Trial Champion and Show Champion.

FC (USA) – Field Trial Champion. AFC (USA) – Amateur Field Champion. Standards for Amateur stakes are identical to other stakes, except professional trainers and handlers may not participate in these stakes and the dog must be owned and handled by an amateur.

NFC (USA) – National Field Trial Champion - the winner of the annual GSP National Field Trial. The title is awarded to the winner of the Gundog Stake, the All-Age Stake, and the Amateur Stake (NAFC).

MH – Master Hunter in American Kennel Club (AKC) Hunt Tests.

SH - Senior Hunter in American Kennel Club (AKC) Hunt Tests.

JH - Junior Hunter in American Kennel Club (AKC) Hunt Tests.

CH (USA) – American Show Champion.

## German Titles

**EXPLANATION OF FIELD TITLES OF THE DKV AND JGHV** Confused about how to read and understand test information? Here is an explanation of field and conformation titles found in an Ahnentafel, along with a sample page.

### Deutsch Kurzhaar Verband (DKV)

D - Derby

This is the test for puppies born after the first of October of the year before last and is held only in the spring. You will see a "D" followed by a number. This stands for Prize 1, 2 or 3 which is what is awarded based on the pup's performance if he passes the test. A pup may enter more than one Derby and each result will be recorded on the pedigree.

(J) - "Youth"

Dogs that pass a Derby in their first year receive this notation (J) for "youth" behind the assigned prize category (e.g. D1(J))

Click graphic to enlarge. (\*) - Andreas star

If a dog intentionally or by chance shows excellent work in tracking an unseen rabbit or hare during a given test, it is marked with an Andreas star, but this has no effect on the overall scoring of the test. (e.g. D1\*)

S - Solms

Held in the autumn of the same year as the Derby, this test is the next level up from the Derby. A number indicating that the dog was awarded a Prize 1,2, or 3 will follow the "S". The Solms may be entered more than once, and each result will be recorded on the pedigree.

AZP - Alterszuchtprüfung

This is the "Older Dog Breeding Test" and is basically a trial for dogs that for some reason were unable to be tested in a Solms test. The rules are the same as for the Solms, but a higher level of performance is expected in consideration of the dog's age. These dogs should not be over 6 years old.

IKP - International Kurzhaar-Prüfung

This test is held every other year, alternating with the Kleemann Trial. Tests elements similar to Solms/AZP 1, 2, or 3 following denoted prize.

KS - Kurzhaar Sieger This is the "Shorthair Champion" title awarded to dogs that achieve a Prize 1 in the Dr. Kleemann Trial. This test is held every other year. Judged on a pass or fail basis. Fully tested for all versatile abilities and conforming to a high standard of conformation.

### Jagdgebrauchshund Verband (JGHV)

This organization includes all of the versatile hunting dog clubs in Germany, regardless of breed.

VJP - Verbandsjugendprüfung

This is a national breed club youth trial, roughly the equivalent of a Derby. These dogs are not awarded a Prize number, but rather a score that appears behind the "VJP". E.g. VJP 68

HZP - Verbandsherbstzuchtprüfung

The autumn trial of the national breed club. The equivalent of the Solms. These dogs are not awarded a Prize number, but rather a score that appears behind the "HZP". E.g. HZP 181

VGP - Verbandsgebrauchsprüfung

This is the Association Utility test. It is designed to test finished versatile hunting dogs in all aspects of field, forest, and water work. A score and Prizes 1,2 or 3 are awarded to dogs that pass this test. Passing this test qualifies a dog for registration in the German Register of Utility Dogs (DGStB).

Btr.- Bringtreueprüfung

The retrieving reliability test. This requires finding a fox placed in undergrowth at least 3 hours previous to the test. The dog is released at least 150 yards from the fox and must search with no help from the handler.

Vbr. - Verlorenbringen

Recovery of game. This test requires trailing and retrieving a hare over a distance of about 300 yds. while the trail is still warm but the dog has not seen the game.

AH - Ambruster Halt award

This title is given for obedience in the presence of game.

SW - Verbands-Schweissprüfung

This is the specialty blood tracking title, and will be followed by a Prize score of 1,2 or 3. An "SW" is a 20 hour specialty blood track, while an "SW" followed by a "/" is a 40 hour track. E.g. an SW /2 is a Prize 2 awarded for a 40 hour blood track.

Sch. H - Schutzhund

This is the test for police or protection dogs and requires obedience, tracking and seeking and detaining criminals. 1,2, or 3 follows to denote prize

### EXPLANATION OF CONFORMATION TITLES OF THE DKV

V (Vorzüglich) – excellent conformation

SG (Sehr Gut) – very good conformation

G – good conformation

WS = Welt Sieger

BS = Bundes Sieger

These are show titles that may be won at a single show (e.g. the Welt Sieger show). They are awarded to the Best of Breed winner if that dog has a "V" conformation rating.

ES - Europa Sieger

This is for "European Champions". To be awarded this title, a dog must obtain four F.C.I International Canine Federation Challenge Certificates (CACIB) or National Challenge Certificates (CAC).

VDH Champion = This is the Society for German Dog Breeds Champion. It is given if four CACIBs have been awarded under four different judges.

CACIB = Conformation title awarded only at international shows. Dogs must usually be older than 18 months.

CAC = German conformation champion
